

Product Name :
Regulator Type Welding Machine

Product Code :
HANDM000A450005

Description :

Regulator Type Welding Machine

Technical Specification :

Input Supply Voltage	240V
Frequency	50/60 Hz
Automatic Grade	Automatic
Number of Wheels	4
Usage	Industrial

We are highly acclaimed in this industry for providing an optimum quality range of Regulator Type Welding Machine.

Features:

- Superior functionality
- Less power consumption
- High efficiency
