

**Product Name :**  
500g Machinist Hammer Fibreglass Steel Head

**Product Code :**  
HAND-HAM52005

**Description :**

500g Machinist Hammer Fibreglass Steel Head

**Technical Specification :**

The head has the German shape, is large, wedged and with its flat side, is optimal for hammering each nail. With the pointed side, material such as wood can be separated.

This 500 gram set with plastic handle is approved. The engineer's hammer has rubber grips, is long and always sits firmly in your hand. For a solid hit every time!

**TOP TECHNOLOGY** - The Hammer with rubber grips - head in black - is forged with perfection. The hand tool is vibration-damping and the impact is almost recoil-free.

**ERGONOMIC** - A non-slip 2-component handle ensures comfortable working with the impact tool. The weight distribution of the head weight and the machinists hammer handle enables enormous power.

**POWERFUL** - The engineer's hammer can strike well due to its weight and the high power transmission. It is also ideal for forging, for example.

500g Machinist Hammer Fibreglass Steel Head suppliers and 500g Machinist Hammer Fibreglass Steel Head Manufacturers in UAE. We are the premier supplier of 500g Machinist Hammer Fibreglass Steel Head and power machines in Dubai Manufacturers Suppliers, 500g Machinist Hammer Fibreglass Steel Head Abu Dhabi Manufacturers, Sharjah , Ajman, Alain, Umm Al Quwain, Ras Al Khaimah.
