

Product Name :
Steel Forged Digging Tools Spade Pickaxe

Product Code :
HAND-PIX56001

Description :

Steel Forged Digging Tools Spade Pickaxe China

Technical Specification :

The gardener used a shovel to dig the soil. It is specially designed for lifting and removing dust. This will be the spade pickaxe tool of choice for digging planting holes, ditches or ditches. The blade or digging tip is made of metal and is sharp. The upper edge is blunt, and the digger can place feet here to help press the sharp end into the ground. In addition to basic digging, a shovel can easily cut the turf to prepare the planting area. It is suitable for loosening soil and decomposing any clumps of dust. Since the edges are sharp, it is convenient at the edges of walkways and driveways. The shovel can also shovel a large amount of dirt well to place it in a container such as a bucket or a wheelbarrow.
